ABOUT US

Established in 2012, We are leading manufacturer and supplier of high quality commercial kitchen appliances to Hotels, Restaurants, Canteens, Industrial Kitchens, Bars, Clubs, Hospitals and all other Hospitality related environments.

Our manufacturing unit is based in Kolkata, We are well equipped with all modern machinery and equipments. We fabricate high quality and high utility commercial kitchen equipments. We guarantee precision of production and product finishing to strictly international specifications and standards.

Shiv Shakti Kitchen Equipments is assisted by a team of experienced skilled professional who are highly dedicated and sincere towards their task. Our team members are highly experienced and make judicious use of all the available resources to innovatively provide the products and services.

SERVICES

Foodservice/Kitchen Design & Planning Services

Our dedicated staff contributes many years of hands-on experience in planning and installations, providing assistance and meeting challenges with viable solutions.

BENIFITS

'Time Savings'. Our kitchen designer obtain and document the operating brief from the Owner, Operator or his representative, The Owner's requirements subsequently implemented into the kitchen layouts for the project. The kitchens designs are developed in approve stages, with recommendations in the interests of the development. Attention is paid to workflow, hygiene, health and safety issues and to the sourcing of the suitable

equipment specification. We design kitchen in such a way that is Pleasant for work areas fitted with the right equipment enabling staff to perform with maximum efficiency.

FABRICATION AND MANUFACTURING

Shiv Shakti Kitchen Equipments has facilities to fabricate stainless steel equipment to Custom design specifications. Our considerable manufacturing facilities allow us to serve our local customers better to ensure that quality is controlled, deadlines are met and correct materials are used.

Shiv Shakti Kitchen Equipments continually explores new industry techniques, updates factory manufacturing equipment and retains skilled fabricators. The end result is that our Clients obtain the best equipment for their needs.

INSTALLATION AND AFTER SALES SERVICE

We strive to make our installations trouble-free for our Clients whether the work is from our own plans or from those of other consultants. Utmost Care are being taken during the installation phase, considerably reduces initial operating problems.

QUALITY

To ensure impeccable quality, we follow well defined parameters of quality control at all levels of our process. Every stage, right from the selection of raw materials to production and finishing, it is executed by experienced personnel having immense knowledge on their respective discipline.

DELIVERY

We are connected by an extensive distribution network to execution of orders within the stipulated period.

SATISFACTION

All our endeavours are primarily directed towards achieving the highest standards of client satisfaction. We ensure quality, competitive pricing, on time delivery schedules and transparent trade practices.

COMMITMENT

Our core values, inspire innovation in our products and services, and drive our commitment to excellence in all we do and build trust with our Clientele.

WHY US?

Factors that made us stand apart from the others:

We provide budget pro package for kitchen setup to serve the customer.

We provide the best utilization of stores & spaces available.

With our immense experience, we provide turnkey solutions and cost effective packages by incorporation of client requirements in kitchen layout.

We always honour the commitment of delivery schedule.

We possess own Research and Development wing to develop the equipment as per Chef's requirements and for high utility service.

We use high grade Stainless Steel Sheet which assures you Fine Finish and Exact Measurement with Accuracy & Precision of your Commercial Kitchen Equipments.
